Individualized Specialty Option (ISO) Petition:

For Natural Resources Students admitted Summer 2021 or later

An individualized specialty option must consist of a minimum of 37 credit hours of pre-approved courses. A minimum of 20 credits in the option must be upper division courses (300-400 level). Courses cannot be double counted with the NR Major requirements but can double count with the Baccalaureate Core. The petition should be a professionally written document which consists of the proposed program of study below and a clear rationale for the courses chosen. The rationale is a 1 - 2 page essay which is to be attached to this petition and addresses the GOAL of your program of study and the EMPLOYMENT OPPORTUNITIES that this specialization will prepare you for. Petition must be APPROVED at least 4 terms before graduation.
